

2010 SEND LOVE TO HAITI CAMPAIGN!

Kids To The Rescue™ (KTTR) challenges you to remember the kids in Haiti less fortunate than us, many many without basic needs like water, food, a home or family. They need of our help today.

Let's show the strength of 54 million plus K-12th grade kids across America by coming together on a day that symbolizes love, Valentine's Day! Please take part in our national challenge to reach out and show the power of "love" by creating a KTTR Valentine below. Make it your very own Valentine message of hope and encouragement and send along your \$1.00 or more donation in the envelope provided. With the help of the Salvation Army, we will deliver your Valentine message and gift to a someone in need in Haiti.

Thank you for showing your love for others and for coming together to show that kids, too, can make a huge difference in the lives of other people. It is important that you know your words matter!

KIDS CAN MAKE A DIFFERENCE IN THE WORLD! HAPPY VALENTINE'S DAY!

* 100% of all donations received go to disaster relief. All donations are handled by The Salvation Army and go directly to the affected areas. If you are a minor under the age of 18, please get your parents' permission before you make a donation.

Directions: Use scissors to cut along the solid black line and fold according to the directions in light grey. Close your envelope by folding the "Kids To The Rescue" flap and seal securely. The post office requests you use only staples or lots of tape to construct your envelope, not glue. Please be careful and never use scissors unless supervised by an adult.
